

## PRODUCT DATASHEET

**Type:** SM-D3-2000-D-W  
**Art. Nr.:** 9300188

### Short description

SOLAMAGIC D3 recessed dark infrared heater with screen, 2kW, white

### Product Description

The SOLAMAGIC D3 recessed ceiling spotlight enables the premium dark spotlight to be installed safely and discreetly in a wide variety of ceiling constructions, but especially in protected outdoor areas and as zone heating, e.g. in conservatories. The housing and frame are made of high-quality aluminum. The device is equipped with a Solastar-AL heating tube which, in addition to high efficiency and a very long service life (approx. 5000 operating hours), is particularly impressive due to its low residual light component. In protected outdoor areas, dark radiators allow very flexible use and guarantee constant, pleasant heat zones. Colors: titanium, white, nano-anthracite; high efficiency, no heat-up phase, output: 2000 W; protection rating: IP 45; protection class: I, dimensions with frame (without frame): 900 (850) x 370 (300) mm, installation depth: 100 mm, connection: 40 cm +180 cm plug-in connection cable for installation connection; 1-phase power connection 16A, 230 V, CE compliant.
